

Empanelment of Experts for River Basin Study for SHP Potential Assessment

ENERGY MANAGEMENT CENTRE, SRIKRISHNA NAGAR, SREEKARIYAM PO

Ph:0471-2594922,2594924

01/11/2016

Preamble:

Govt. of Kerala as a part of its plan activities in the financial year 2016-2017 envisages a project for data collection and mapping of small/mini/micro hydel potential sites in River Basins of Kerala state. Based on the techno economic analysis of the identified projects, the Detailed Project Report for a few most economically viable projects may be made in later stages. Applications are invited for empanelment of expert consultants (firm/individuals) for the River Basin study in Kerala.

Scope:

The study is envisaged for data collection and mapping of the Small Hydro Power Potential including topographical other preliminary logistical data of river basins as a whole, and ranking the identified projects based on its viability. As a final outcome the study will eventually enable EMC / Govt. of Kerala to map the feasible locations of Small Hydro Power development in individual river basins. As a first phase of study, it is proposed to conduct the study of two river basins in Trivandrum District.

Qualification:

Reputed consultants (firm/individuals) from all over India, having experience in small hydropower development projects (which may includes Planning, Detailed Project Report

preparation, Detailed Design or Execution of SHP projects) are hereby invited to submit their application along with the following supporting documents for empanelment of consultant:

- Documents supporting minimum 5 years experience in small hydro power development projects (planning, design or implementation) / SHP Potential Assessment Study.
- The details of human, resources and other facilities available to carry out works and profile of Key Technical personnel.
- Concept Note (as per format given in Section B) providing a brief description on your proposed methodology of the study.

Director

SUBMITTALS

SECTION A – Application Form

A.1 For firm/ Company

A.1	Name of the consultant /firm		
A.2	Name of the partner organization, if any		
A.3	Brief Description of Applicant including major projects undertaken and roles in those projects.		
A.4	Address of the Registered Office of the Applicant (With PIN code)
