- Agenda / training schedule will be sent to registered participants of this course on making the payment.
- No accommodation will be arranged by EMC

5-day Preparatory
Training Course for

ENERGY MANAGERS & ENERGY AUDITORS EXAMINATION

Conducted by

ENERGY MANAGEMENT CENTRE
DEPARTMENT OF POWER
GOVERNMENT OF KERALA

BACKGROUND

As per the Energy Conservation Act 2001, it is mandatory for all the Designated Consumers (DCs) to get energy audit conducted by an Accredited Energy Auditor and to designate or appoint a Certified Energy Manager. The Act also specified that the essential qualification for a Certified Energy Manager and Certified Energy Auditor would be the passing of a National level Certification Examination for Energy Managers and Energy Auditors. This year the certification examination is scheduled during 25th and 26th March, 2023

ABOUT EMC

Energy Management Centre (EMC) is the State Designated Agency under the Department of Power, Government of Kerala for implementing the provisions of Energy Conservation Act 2001. EMC is formulating and implementing projects on small hydropower development, IT based Energy Management Systems, Energy Audit, Energy Efficiency improvement studies and total consultancy on Small Hydro Power Projects. In addition, a large number of short duration programmes on focused areas of Energy Management and Audit, relevant to industry, commercial & power sectors have also been conducted by EMC. An NABL accredited Energy Meter Calibration Laboratory facility and a Lighting and Luminaries Test unit facility for LED testing are also available in EMC.

PROGRAM THEME

The Certified Energy Manager/ Auditor certification is the most recognized designation in energy management and provides a wide range of benefits to help thrive in both role and in the energy efficiency industry. The preparatory five-day CEM training is ideal for professionals who seek a thorough program that covers the technical, economic, and regulatory aspects of effective energy management. The preparatory training course would aim to focus on providing sufficient inputs and knowledge to prospective energy managers and energy auditors to review and prepare for various topics/issues of concern. The courses have been specially designed to also cater to the needs of those professionals who wish to improve their capabilities in selected areas/modules for the 22nd National Certification Examination for Energy Managers and Energy Auditors.

PROGRAMME DETAILS

09.03.2023 to 13.03.2023 (5 day class room sessions)

Time : 9.00 AM – 6.00PM

Registration starts on: **15.01.2023**

Last date for Registration: **28.02.2023**
