Workshop on energy efficiency in PSUs held

The Hindu Bureau
THIRUVANANTHAPURAM

Electricity Minister K. Krishnankutty has suggested that the solar power plants should be set up on unused land under public sector units. The Minister was inaugurating a workshop on energy efficiency organised by the Energy Management Centre - Kerala (EMC), and the Bureau of Public Enterprises for the staff of PSUs in Kerala.

The workshop discussed issues related to energy efficiency in PSUs including financial assistance available for conducting energy audits in these units. Representatives from 88 PSUs attended the workshop.

Additional Chief Secretary (Power) K.R. Jyothish presided.
